

How to Read the 2008-2009 High School Report Cards

ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2007-2008 and 2008-2009 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 60% in English/Language Arts and 59% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. For more information, please view documents at www.ode.state.or.us/data/reportcard/reports.aspx

NA Too few test scores or students to determine a rating.

Department of Education Notes

LOCAL INFORMATION PROVIDED BY YOUR SCHOOL OR DISTRICT

Sample High School Print Date: 10/28/2009

1 Student Achievement

To meet each student achievement requirement, the student group must meet the statewide academic target; or reduce the percentage of tests not meeting standards by 10% and meet the state target for attendance.

2 Graduation

If graduation rates for 2007-08 or 2006-07 and 2007-08 combined are greater than or equal to the graduation target of 68.1%, the graduation rating is MET. For the school or district to meet AYP, student groups other than All Students are required to meet the graduation target only when the group does not meet the statewide academic target. The ALL STUDENTS group must meet the graduation target. The graduation rate is calculated as:

$$\frac{\text{Number of students leaving school with a standard diploma}}{\text{Number of students leaving school with a standard diploma} + \text{Number of students dropping out}}$$

A standard diploma requires at least 22 credits.

3 Department of Education Notes

If necessary, this area is used for notes that clarify information displayed of this panel of the report card.

4 Local Information

Local information included on this page of the report card was written and included by the local school or district. Staff at the Oregon Department of Education did not write, edit, or endorse the displayed information.

How to Read the 2008-2009 High School Report Cards

1 Federal Adequate Yearly Progress Rating

The No Child Left Behind Act requires the annual determination of whether schools, districts, and the state have made adequate yearly progress (AYP) toward the goal of having all students meet rigorous state academic standards by the 2013-2014 school year. Each year, the performance of all students in the school and district, as well as subgroups of students, is measured against annual performance targets.

If all groups meet the targets in English/Language Arts and Mathematics, and the school meets the target for attendance, the school is designated as Meeting AYP. If any target is not met, then the school is designated as Not Meeting AYP.

A school or district that does not meet AYP should not be labeled as failing. The description of not meeting AYP signals that the school or district as a whole, or one or more subgroups of students, is not "on track" for meeting the national goals for student achievement by the target year of 2014. The school or district as a whole may have strong academic performance, but the designation may be based on a single factor or a single subgroup.

2 Oregon Report Card Overall Rating

The formula that determines the Overall School Rating begins with the Achievement Index rating and then raises it or lowers it based on the Other Indicators and AYP Status.

3 Student Population

This table shows the average number of students enrolled in the school during the 2008-2009 school year. This table also shows the percentage of the school population enrolled in English as a Second Language programs. Data are collected from each school district through the annual ADM collection. ADM is an acronym for average daily membership.

4 Attendance

This table displays the average daily attendance for the school. The district and state averages are also shown. Data are collected from each school through the annual ADM collection.

5 Staffing

This table shows the number of administrators, teachers, educational assistants, and other staff in the school. The number of teaching staff members with a master's degree or higher and the average number of years of teaching experience are shown. Data are collected from each school district on the Certificated Staff and the FTE of School Level Staff reports. FTE is an acronym for full-time equivalent.

6 With Emergency or Provisional Credential as of January 15, 2009

Refers to a percentage of licenses held by teachers in the school. The emergency or provisional licenses are a category of all teaching licenses issued by the Teacher Standards and Practices Commission.

2008-2009 School Report Card

SAMPLE HIGH SCHOOL

November 10, 2009

Dear Parents and Community Members,

The Oregon Department of Education is proud to issue the 11th annual school Report Card. This year's report cards include two significant changes: a simplified rating system for schools and a new description of how much students have learned from year to year called a "Growth Model." The new rating system uses three categories: Outstanding, Satisfactory and In Need of Improvement. These ratings cannot tell you everything about your school but are a good starting point for talking about our successes and opportunities for improvement.

Susan Castillo, State Superintendent of Public Instruction

For more information, contact your local school.

7 Classes Taught by Teachers Who Meet Federal Definition of Highly Qualified Teacher

Refers to the percentage of core content classes taught by teachers holding licenses that meet the definition approved under the No Child Left Behind Act. Core content classes include English, reading/language arts, mathematics, science, foreign languages, social studies, and the arts. In a self-contained classroom setting, teachers must also meet specific licensure qualifications.

8 Expulsions

This table shows the number of expulsions due to weapons. The numbers for the school and the state are displayed. Data are collected from each school district through the Suspensions, Expulsions, and Truancy collection.

9 Testing Participation

This table shows the percentage of students participating in 2008-2009 Oregon Statewide Assessments in Reading, Math, and Writing for the school and state.

10 SAT Scores

This table is displayed only if the school has grade 12. It shows the school average SAT scores for college admission compared to state and national averages. Data are collected directly from the college board.

11 Students Graduating

This table shows the number of students graduating with a diploma during the 2007-08 school year and the graduation rate for the school as compared to the state. Data are collected from each school district in the High School Completers Collection.

12 Dropout

This table shows the number of dropouts for the school for the 2006-07 and 2007-08 school years and the dropout rate for the school as compared to the district and the state. Data are collected from each school district in the Early Leavers Collection.

2

Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and 10 who either met or exceeded state standards or met their growth target in reading and mathematics for the last two school years. Growth targets are set yearly for students up to grade 8 and are based on each student's performance in the previous school year. Growth targets do not apply to students in grade 10 or students who did not test in the previous year.

STUDENT GROUP	READING		MATHEMATICS	
	2007-2008	2008-2009	2007-2008	2008-2009
American Indian/Alaskan Native	*	*	*	*

Sample High School

1 Percentage of Students Meeting Standards

The bar charts show the percentage of students in the school at the indicated grades that met or exceeded state standards on the 2007-2008 and 2008-2009 Oregon Statewide Assessments in Reading, Math, and Science Knowledge and Skills. Displays are also shown for three other groups: comparison schools, district, and state. Comparison schools have similar percentages of students eligible for free and reduced price meals, students moving in and out of school during the year, English Language Learners, and similar attendance rates.

2 Improvement in Student Performance

The table shows improvement in student performance on Oregon Statewide Assessments in Reading and Math Knowledge and Skills.

3 Statewide Assessments

This table shows 2008-2009 assessment results for all students in the school in English/Language Arts, Math, and Science. English/Language Arts includes Reading/Literature and Writing test results.

4 Student Group

Statewide Assessment results are displayed for the student groups required by the No Child Left Behind Act.

5 Student Participation

Percentages in Student Participation include all students in the school who participated in the 2008-2009 Oregon Statewide Assessments in Reading, Writing, Math, and Science. Students who were absent or refused to be tested are included in the percentage not tested. If a student's parents provided written refusal of consent for the student to be tested, the student's non-participation is included in the percentage not tested.

6 Department of Education Notes

If necessary, this area is used for footnotes that clarify information displayed on the inside pages of the report card.

3

STATEWIDE ASSESSMENT RESULTS

The table below shows the percentage of students in your school in grades 3-8 and 10 that exceeded, met, or did not meet state standards and participated in 2008-2009 Oregon Statewide Assessments. For more information, see www.ode.state.or.us/data/schoolanddistrict/testresults/reporting/PublicRpt.aspx
