ACCOUNTABILITY INFORMATION REQUIRED BY THE FEDERAL NO CHILD LEFT BEHIND ACT

The information below is used to determine the Adequate Yearly Progress designation for your school. A school is designated as *Not Meeting AYP* if any indicator is determined to be *Not Met*. The Student Achievement and Student Participation ratings are based on 2007-2008 and 2008-2009 Oregon Statewide Assessments for the students in your school identified as enrolled for a full academic year. The statewide goal for the minimum percentage of students expected to meet or exceed standards is 60% in English/Language Arts and 59% in Mathematics. Student Participation is expected to be 95% or greater. The statewide goal for the minimum graduation rate is 68.1%. The statewide goal for the minimum attendance rate is 92.0%. 1 Student Achievement

To meet each student achievement requirement, the student group must meet the statewide academic target; or reduce the percentage of tests not meeting standards by 10% and meet the state target for attendance.

2 Attendance

If attendance rates for 2008-2009 or 2007-2008 and 2008-2009 combined are greater than or equal to the attendance target of 92.0%, the attendance rating is Met.

SAMPLE
MIDDLE SCHOOL

Dear Parents and Community Members,

November 10, 2009

The Oregon Department of Education is proud to issue the 11th annual School Report Card. This year's report cards include two significant changes: a simplified rating system for schools and a new description of how much students have learned from year to year called a "Growth Model." The new rating system uses three categories: Outstanding, Satisfactory and In Need of Improvement. These ratings cannot tell you everything about your school but are a good starting point for talking about our successes and opportunities for improvement.

1 Federal Adequate Yearly Progress Rating

The No Child Left Behind Act requires the annual determination of whether schools, districts, and the state have made adequate yearly progress (AYP) toward the goal of having all students meet rigorous state academic standards by the 2013-2014 school year. Each year, the performance of all students in the school and district, as well as subgroups of students, is measured against annual performance targets.

If all groups meet the targets in English/Language Arts and Mathematics, and the school meets the target for attendance, the school is designated as Meeting AYP. If any target is not met, then the school is designated as Not Meeting AYP.

A school or district that does not meet AYP should not be labeled as failing. The description of not meeting AYP signals that the school or district as a whole, or one or more subgroups of students, is not "on track" for meeting the national goals for student achievement by the target year of 2014. The school or district as a whole may have strong academic performance, but the designation may be based on a single factor or a single subgroup.

2 Oregon Report Card Overall Rating

The formula that determines the Overall School Rating begins with the Achievement Index rating and then raises it or lowers it based on the Other Indicators and AYP Status.

3 Student Population

This table shows the average number of students enrolled in the school during the 2008-2009 school year. This table also shows the percentage of the school population enrolled in English as a Second Language programs. Data are collected from each school district through the annual ADM collection. ADM is an acronym for average daily membership.

4 Staffing

This table shows the number of administrators, teachers, educational assistants, and other staff in the school. The number of teaching staff members with a master's degree or higher and the average number of years of teaching experience are shown. Data are collected from each school district on the Certificated Staff and the FTE of School Level Staff reports. FTE is an acronym for full-time equivalent.

5 With Emergency or Provisional Credential as of January 15, 2009

Refers to a percentage of licenses held by teachers in the school. The emergency or provisional licenses are a category of all teaching licenses issued by the Teacher Standards and Practices Commission.

6 Classes Taught by Teachers Who Meet Federal Definition of Highly Qualified Teacher

Refers to the percentage of core content classes taught by teachers holding licenses that meet the definition approved under the No Child Left Behind Act. Core content classes include English, reading/language arts, mathematics, science, foreign languages, social studies, and the arts. In a self-contained classroom setting, teachers must also meet specific licensure qualifications.

7 Attendance

This table displays the average daily attendance for the school. The district and state averages are also shown. Data are collected from each school through the annual ADM collection.

8 Expulsions

This table shows the number of expulsions due to weapons. The numbers for the school and the state are displayed. Data are collected from each school district through the Suspensions, Expulsions, and Truancy collection.

9 Testing Participation

This table shows the percentage of students participating in 2008-2009 Oregon Statewide Assessments in Reading, Math, and Writing for the school and state.

Improvement in Student Performance

The table below shows the percentage of students in your school in grades 3-8 and 10 who either met or exceeded state standards or met their growth target in reading and mathematics for the last two school years. Growth targets are set yearly for students up to grade 9 and are based on each student's performance in the previous school year. Growth targets do not apply to students in grade 10 or students who did not test in the previous year.

1 Percentage of Students Meeting Standards

The bar charts show the percentage of students in the school at the indicated grades that met or exceeded state standards on the 2007-2008 and 2008-2009 Oregon Statewide Assessments in Reading, Math, and Science Knowledge and Skills. Displays are also shown for three other groups: comparison schools, district, and state. Comparison schools have similar percentages of students eligible for free and reduced price meals, students moving in and out of school during the year, English Language Learners, and similar attendance rates.

2 Improvement in Student Performance

The table shows improvement in student performance on Oregon Statewide Assessments in Reading and Math Knowledge and Skills.

3 Statewide Assessments

This table shows 2008-2009 assessment results for all students in the school in English/Language Arts, Math, and Science. English/Language Arts includes Reading/Literature and Writing test results.

4 Student Group

Statewide Assessment results are displayed for the student groups required by the No Child Left Behind Act.

5 Student Participation

Percentages in Student Participation include all students in the school who participated in the 2008-2009 Oregon Statewide Assessments in Reading, Writing, Math, and Science. Students who were absent or refused to be tested are included in the percentage not tested. If a student's parents provided written refusal of consent for the student to be tested, the student's non-participation is included in the percentage not tested.
