School or District:

Mobile Phone Number to Opt-Out:

We respect your privacy. We never sell or trade your information with outside parties. See complete Privacy Policy [here](#).

Emergency alert services using SMS text messaging are supported only in the US.

Did you receive an opt-in invitation text message?

If you received a text message requesting you to opt into your school or district's text message alert service, it means that your school or district contracts with SchoolMessenger to deliver notifications to families and staff members, and your phone number was provided by the school or district.

If you would like to continue receiving messages from your school or district you must reply affirmatively with one of the opt-in key words. Simply reply to the original message (or send a text message to 68453) with either the words "opt in" or "subscribe".

If you do not wish to receive any additional text messages, no further action is required.
